## Start a Money Diary

Do you seem to run out of money all the time? Do you find yourself short of cash and not sure just what you spent it on? It is very easy to do. And if you find that you never seem to save money for special occasions like birthdays or a family vacation, what fun is that?

One trick is to keep a money diary for a month or two and find out just how you spend your money.

Start by writing down:

1. **All the money that comes in and where it comes from.**
2. **Where you spent your money and why you spent it.**

Once you get started, you may find that you like keeping track of your money—and you may think twice before spending it!
