

EMPLOYER DOESN'T OFFER A RETIREMENT PLAN?

Launchpad is a savings account that helps you build momentum towards retirement by helping you establish and grow savings at your own pace. Deposit a little money from every paycheck—and together we'll propel it into something bigger. Because Launchpad is not an IRA, you won't suffer tax consequences if you need to make a cash withdrawal.

STRUGGLING TO SAVE FOR RETIREMENT?

Launchpad will give you the base from which to begin your retirement savings habits. The growth of your balance may be slow and gradual, but it will pick up speed over time, with the help of compound interest.

THE GOAL?

Once you have saved \$1,000 in your Launchpad account, you'll have learned the discipline it takes to then move that balance into a retirement savings account, like an Individual Retirement Account (IRA).
